

TerraTek Support Systems™

We'll support you!

TerraTek Support Systems (TSS)™

TerraTek Support Systems (TSS)™ is an adjustable pipe support system designed for the oil and gas industry. The TSS was developed especially for use with helical piers providing the oil and gas industries an alternative to concrete installation. TSS is also available for traditional mounting on steel and concrete.

- TSS is available for pipe sizes from 2" to 48".
- Available heads include flange, saddle, full cradle clamp and flange cradle along with custom plate mounts.
- TSS is available in primed and galvanized finish.
- Various mounting heights available.
- Full access adjusting system with up to 4" of adjustment.

POLY-BLOCK SHOE CLAMP

- Fits pipe sizes from 2" to 36"
- Steel design, shoe-style pipe clamp
- Designed for fiberglass reinforced plastic (FRP) wrap clearances and Fabreeka
- Pipe support blocks of hi-density & compression, non-conductive, non-corrosive polyurethane.
- All clamps are constructed on an independent steel base plate with mounting base hole slots.
- High temperature application available.
